Urgent Care Centers

(Listed alphabetically by county. Specialties are listed alphabetically under each county.)

At times you may need health care at night or on weekends. You might need to go to an Urgent Care Center. “Urgent care” is care that is important, but not life-threatening. Urgent care health problems are usually marked by rapid start of constant or unusual pain linked to an illness. If you need urgent care, call your doctor or specialist. Many doctors’ offices use an answering service after hours. When you call after normal office hours, be ready to explain your symptoms. Leave a number where the doctor can call you back.

Urgent care situations include:

- Hard time breathing
- Nose bleed that lasts for a long time
- Short-term high fever
- Cuts needing stitches

Retail Convenient Care Clinics

There are health clinics located in pharmacies that are in Blue Network S. These clinics are quick and conveniently located. And they are less costly than other health care settings like a hospital ER.

These clinics are most often staffed by nurse practitioners and physicians' assistants. They give fast care for common ailments. These can be sinus infections, or minor illnesses or injuries.

Physicians and Health Professionals

(Listed alphabetically by county. Specialties are listed alphabetically under each county.)

For ear and throat care, see Otolaryngology. For family doctor services, see General Practice, Family Practice and Internal Medicine.

In the directory, the doctor’s area of specialty helps you pick the right doctor for you. However, BlueCross BlueShield of Tennessee does not approve or promise a doctor’s education, skill or experience in a special area of medical practice.

Network doctors have agreed to give patients services seven days a week, 24 hours a day. If you call the office and your doctor is out, he or she will have another doctor available to care for you while your regular doctor is out.

Some doctors will have “extended hours available” listed after their names. This shows whose offices are open past normal business hours. Please check with the doctor’s office for details.

A provider’s status may change at any time. This list is as correct as possible at the time of printing.

Doctors join and drop from the network from time to time. Also, hospital-based doctors are not in this directory because of their internal non-credentialed status. Credentialing of hospital-based doctors is the duty of the facility in which they practice. Be sure to check to see if the doctors and facilities are still in the network when you call the office to get care.

To make sure a doctor or facility is in your Blue Network S:

- Call the member service number on your member ID card. It is 1-800-558-6213.
- Go to our website at bcbst.com/members/TN_state. Click on “Find a doctor” and enter your starting location. Then enter the name of your provider. Click on the provider name and choose the tab on the left called “plans accepted.” Make sure your provider is in Network S.
- Download the myBlue TN app on your smartphone from iTunes or Google Play, then enter the information from your BlueCross member ID card.

Immunizing Pharmacists

You have two network options for obtaining covered immunizations and vaccines:
- BlueCross BlueShield of Tennessee
- CVS Caremark

**BlueCross BlueShield of Tennessee**
BlueCross’ Immunizing Pharmacists network includes pharmacists who are certified to give shots. These pharmacists will give the shot and send BlueCross the bill for the service.

To find an up-to-date listing of immunizing pharmacists in your Blue Network S:
- Call the member service number on your member ID card. It is 1-800-558-6213.
- Go to our website at bcbst.com/members/TN_state. Click on “Find a doctor” and enter your starting location. Then enter the name of your provider. Click on the provider name and choose the tab on the left called “plans accepted”. Make sure your provider is in Network S.
- Download the myBlue TN app on your smartphone from iTunes or Google Play, then enter the information from your BlueCross member ID card.

**CVS Caremark**
Visit a participating vaccine network pharmacy and present your Caremark prescription card. A complete vaccine network pharmacy list is available once you log in online at www.caremark.com (look in the lower right corner under the heading “Products and Services.”) Alternatively, you may call 1-877-522-8679 and speak to a CVS Caremark representative who can direct you to a vaccine network pharmacy. Please note, this pharmacy list is different from the 30- and 90-day networks. Not all pharmacies participate in the vaccine network.
